# Winslow Child Development Winslow Township School District

We are proud to announce WCD's Super Summer Camp and we look forward to exceeding your expectations in our inaugural year.

We will offer a structured educational program while not forgetting that in the world of summer camps, children want to have fun! Our camp will offer a full breakfast and lunch program, two daily snacks and weekly field trips.

While realizing that there is a lot of competition in this market, WCD's Super Summer Camp will offer parents and campers alike, a cost-effective program with the quality standards of Winslow Child Development.

In our pilot year, the camp will charge \$160.00 per week; this fee is all inclusive: no early drop off fees, no field trip fees or field trip busing costs, no specialty camp fees, etc. 50% of the camp payment will be due on June 15, 2010 and the remaining balance will be due on July 15, 2010. In our pilot year, if a child attends all eight weeks, they will receive one free week of camp!!! All campers must sign up for a minimum of four weeks. Parents can choose the weeks they want their children to attend.

The camp will be held at Winslow Township Elementary School #6. It is located at 617 Sickler Avenue. We will have access to multiple classrooms, all-purpose rooms, the gymnasium and cafeteria (for rainy days, and every other day), a professional nurse's office, numerous athletic fields and play areas which will be a great asset to the success of our camp.

Every week at the camp we will have a theme and a multitude of special activities throughout the summer. There will be a different sport clinic each week and every day we will have an educational power half hour that will be grade specific. The educational power half hour will encompass bridging activities in math, language arts, social studies/geography, science and character education. Arts and crafts, martial arts and chess club are just a sample of the activities that will be offered. We will also have a club option where campers can choose their clubs each day.

Welcome Aboard,

Jack Mills  
Camp Director

Jack Mills will be the on-site Camp Director. He holds a Bachelor's Degree in Business (Sports Management/Recreation) and a Master's Degree in Education along with additional educational credentials and teaching/school business certifications.
