**THANK YOU**

**Are you considering the Flex schedule?**

## Don't know if it is for you?

The Flex Tickets can seem to be a cheaper way to utilize The Calvin C. Dye Before & After School Program but this is not always so. We were hoping to give you a price comparison to make your decision a little easier.

Flex Tickets are charged \$20.00 per day whether you use the AM/PM or both the AM and the PM. **Flex Tickets are sold in books of 5 at \$100.00** and must be paid for in advance. Flex tickets are intended for minimal use. If you are using Flex tickets more than 5 times in a month this may not be the schedule for you. In most cases if you are using just the AM or just the PM it is cheaper for you to use regular rates.

Also be reminded tickets are only good if handed into the program on the date of service. Providers have been instructed not to accept tickets after date of service. **If you attend the program without a ticket you will be charged \$20.00 for that date of attendance, no exceptions!**

If you have any questions, please call: 856-767-2850.
