2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. In order to ensure safety, it is imperative that students participating in athletic competition, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student to return to athletic competition before recovering from a concussion increases the chance of a more serious brain injury.

For the purpose of this Policy and Regulation 2431.4, programs of athletic competition shall include high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, intramural athletic programs within a school or among schools in the district, and any cheerleading program or activity in the school district.

The school district shall adopt an athletic head injury safety training program. The program shall be completed by the school physician, any individual who coaches in an athletic competition, an athletic trainer involved in any athletic competition, and the school nurse. The training program shall be in accordance with guidance provided by the New Jersey Department of Education (NJDOE) and the requirements of N.J.S.A. 18A:40-41.2.

The school district shall annually distribute the NJDOE-developed educational fact sheet regarding sports-related concussions and other head injuries to all parents of students participating in any athletic competition or practice and shall obtain a signed acknowledgement of the receipt of the fact sheet by the student and their parent in accordance with N.J.S.A. 18A:40-41.2(c).

Concussions and Head Injuries

A student who participates in an athletic competition or practice and who sustains or is suspected of sustaining a concussion or other head injury shall be immediately removed from athletic competition or practice. A student removed from athletic competition or practice shall not participate in further athletic competition or practice until they are evaluated by a physician or other licensed healthcare provider trained in the evaluation and management of concussions and receives written clearance from a physician trained in the evaluation and management of concussions to return to athletic competition or practice; and the student returns to regular school activities and is no longer experiencing symptoms of the injury when conducting those activities in accordance with N.J.S.A. 18A:40-41.4.

The return of a student to athletic competition or practice shall also be in accordance with the graduated, six-step “Return to Play Progression” recommendations and any subsequent changes or other updates to these recommendations as developed by the Centers for Disease Control and Prevention (CDC). The Board shall revise this Policy and Regulation 2431.4 whenever the CDC changes or otherwise updates the “Return to Play Progression” recommendations.

The school district shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that operates on school grounds, if the youth sports team organization provides the school district proof of an insurance policy of an amount of not less than \$50,000 per person, per occurrence insuring the youth sports team organization against liability for any bodily injury suffered by a person and a statement of compliance with this Policy and Regulation 2431.4.

Pursuant to N.J.S.A. 18A:40-41.5 and for the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

A concussion is a traumatic brain injury caused by a blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. Allowing a student to return to athletic competition or practice before recovering from a concussion increases the chance of a more serious brain injury. The following procedures shall be followed to implement N.J.S.A. 18A:40-41.1 et seq. and Policy 2431.4.

A. Athletic Head Injury Safety Training Program

1. The school district will adopt an athletic head injury safety training program.

B. Prevention

1. The school district may require pre-season baseline testing of students before the student begins participation in athletic competition or practice. The baseline testing program shall be reviewed and approved by the school physician trained in the evaluation and management of sports-related concussions and other head injuries.

2. The staff member supervising a student who has been removed from athletic competition or practice in accordance with D.1. above or another staff member shall contact the student's parent and the Principal or designee as soon as possible after the student has been removed from the athletic competition or practice.

a. A parent shall monitor their student for symptoms of a concussion or other head injury upon receiving such notification.

E. Medical Examination and Written Medical Clearance

1. A student who was removed from athletic competition or practice in accordance with D.1. shall not participate in further athletic competition or practice until:

a. The student is examined by a physician or other licensed healthcare provider trained in the evaluation and management of concussions;

b. The student receives written medical clearance from a physician trained in the evaluation and management of concussions to return to competition or practice; and

c. The student returns to regular school activities and is no longer experiencing symptoms of the injury while conducting those activities.

2. The student's written medical clearance from a physician must indicate a medical examination has determined:

a. The student's injury was not a concussion or other head injury, the student is asymptomatic at rest, and the student may return to regular school activities and is no longer experiencing symptoms of the injury while conducting those activities; or

b. The student's injury was a concussion or other head injury and the student's physician will monitor the student to determine when the student is asymptomatic at rest and

when the student may return to regular school activities and is no longer experiencing symptoms of the injury while conducting those activities.

3. The student's written medical clearance must be reviewed and approved by the school physician.
4. The student may not begin the graduated return to athletic competition and practice protocol in F. below until the student receives a medical examination and provides the required written medical clearance.
5. A written medical clearance not in compliance with the provisions of E. will not be accepted.

F. Graduated Return to Athletic Competition and Practice Protocol

1. The return of a student to athletic competition and practice shall be in accordance with the graduated, six-step "Return to Play Progression" recommendations and any subsequent changes or updates to those recommendations as developed by the Centers for Disease Control and Prevention.

a. Back to Regular Activities (Such as School)

The student is back to their regular activities (such as school) and has the green-light from the student's physician approved by the school physician to begin the return to play process. A student's return to regular activities involves a stepwise process. It starts with a few days of rest (two-three days) and is followed by light activity (such as short walks) and moderate activity (such as riding a stationary bike) that do not worsen symptoms.

b. Light Aerobic Activity

Begin with light aerobic exercise only to increase the student's heart rate. This means about five to ten minutes on an exercise bike, walking, or light jogging. No weight lifting at this point.

REGULATION GUIDE

PROGRAM

R 2431.4/page 6 of 7

Prevention and Treatment of Sports-Related
Concussions and Head Injuries

c. Moderate Activity

Continue with activities to increase the student's heart rate with body or head movement. This includes moderate jogging, brief running, moderate-intensity stationary biking, and/or moderate-intensity weightlifting (less time and/or less weight from their typical routine).

d. Heavy, Non-Contact Activity

Add heavy non-contact physical activity, such as sprinting/running, high-intensity stationary biking, regular weightlifting routine, and/or non-contact sport-specific drills (in three planes of movement).

e. Practice and Full Contact

The student may return to practice and full contact (if appropriate for the athletic competition) in controlled practice.

f. Athletic Competition

The student may return to athletic competition or practice.

2. It is important for a student's parent(s) and coach(es) to watch for concussion symptoms after each day's "Return to Play Progression" activity. A student should only move to the next step if they do not have any new symptoms at the current step.
3. If a student's symptoms return or if they develop new symptoms, this is a sign that a student is pushing too hard. The student should stop these activities and the student's health care provider should be contacted. After more rest and no concussion symptoms, a student can start at the previous step if approved by the student's healthcare provider and provides written medical clearance to the school physician.

G. Temporary Accommodations for Student's Participating in Athletic Competition with Sports-Related Head Injuries

1. The concussed brain is affected in many functional aspects as a result of the injury. Memory, attention span, concentration, and speed of processing significantly impact learning. Further, exposing the concussed student to the stimulating school environment may delay the resolution of symptoms needed for recovery. Accordingly, consideration of the cognitive effects in returning to the classroom is also an important part of the treatment of sports-related concussions and head injuries.
2. To recover, cognitive rest is just as important as physical rest. Reading, studying, computer usage, testing, texting, and watching movies if a student is sensitive to light/sound can slow a student's recovery. The Principal or designee may look to address the student's cognitive needs as described below. Students who return to school after a concussion may need to:
 - a. Take rest breaks as needed;
 - b. Spend fewer hours at school;
 - c. Be given more time to take tests or complete assignments (all courses should be considered);
 - d. Receive help with schoolwork;
 - e. Reduce time spent on the computer, reading, and writing; and/or
 - f. Be granted early dismissal from class to avoid crowded hallways.

Students, parents, volunteers, or visitors are encouraged to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident.

Any report of an alleged incident of hazing shall be immediately investigated by the Principal or designee in accordance with procedures used to investigate alleged violations of the Student Discipline/Code of Conduct and Policy and Regulation 5600. 8465 BIAS CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Bias crimes and bias-related acts involving students can lead to further violence and retaliation. Bias crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. School district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of bias crimes and bias-related acts.

Definitions

A "bias crime" means any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race; color; religion; gender; disability; sexual orientation; gender identity or expression; national origin; or ethnicity.

A "bias-related act" means an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial; gender; disability; religion; sexual orientation; gender identity or expression; national origin; or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense.

All bias crimes are also bias-related acts, but not all bias-related acts will constitute a bias crime.

Required Actions

HELP THE PEOPLE OF UKRAINE

Sunflower of Peace Foundation is a non-profit organization committed to helping Ukrainians affected by the Russian military invasion.

GET INVOLVED - DONATE NOW

Sunflower of Peace Foundation is a Boston, USA-based 501(c)(3) registered non-profit organization (EIN: 47-2620675). Our current mission is to support the people of Ukraine affected by the Russian military invasion. We collaborate with a global network of established organizations and institutions that are committed to helping Ukraine in this situation.

Due to the current crisis in Ukraine, Sunflower of Peace started a new fundraiser to provide medical and humanitarian aid that will be used by the paramedics and doctors in the areas that are affected by the violence in Ukraine. We are acquiring and distributing first-aid backpacks, medicine, medical instruments, and other means of survival that are saving hundreds of lives. These supplies meant the world to people affected by violence when we started our first fundraiser in 2015, and they mean the world to all Ukrainians now.

Fundraiser Updates

On March 1st, 2022, we added a form for volunteering. Please fill it out if you want to help onsite or remote: <https://forms.gle/qEquhnm2e3k54zht6>

On February 25th, 2022, the first shipment of supplies we have purchased with our partner US organizations ([Meest Express](#), [Nova Ukraine](#)) left the US.

On March 2nd, 2022, the next US shipment is scheduled to leave for Ukraine.

Currently, we are ordering supplies both in the US and in Europe. We are working with our partner volunteer organizations in Poland, Romania, and Slovakia to deliver them to Ukraine in a much faster way.

"To the children of our country...DREAM with ambition; LEAD with conviction; and SEE yourselves in a way that others may not, simply because they've never seen it before. But know that we will applaud you every step of the way."

Black History Month

Winslow Township Elementary School #4 celebrated Black History during February with the following activities:

Pre K

Through the use of books and videos, preschool explored African American contributions throughout history. Preschoolers participated in weekly activities embedded into learning themes. They learned about figures such as Garrett A. Morgan, Dr. Martin Luther King, Jr., Mae C. Jemison, former President Barack Obama, and more.

On February 28, 2022, Ms. Leslie Showell of Delta Sigma Theta Sorority Incorporated joined us virtually to read the book Rhythm of My Feet by Rashid Moon to our Preschool students.

Kindergarten

Kindergarteners read various books by African American authors. They learned about an assortment of African Americans from history and their contributions to society. Famous African Americans such as Ruby Bridges, Harriet Tubman, George Washington Carver, Rosa Parks, Garrett A. Morgan, and others will be discussed.

First Grade

First graders listened to daily read alouds and/or watched daily videos to learn about the history of influential African Americans as well as discuss their significance. Students reflected on how these people have impacted their lives today. They also completed a weekly assignment in response to videos and read alouds to demonstrate their understanding of these influential people and their accomplishments.

Second Grade

For Black History Month, second grade students researched a historical African American figure, completed a research project, and portrayed the role of that historical figure during our Black History Month Living Wax Museum presentation on February 25, 2022.

Third Grade

Students in third grade researched a historical African American figure. Using their research, students wrote an informational paragraph about their designated person. Students then each designed a quilt square highlighting the person's portrait and their accomplishments. The completed squares were combined to create a collaborative quilt that was displayed in the hallway along with the informational paragraphs.

Special Areas

In Computers, students in 3rd grade learned how to use Google Slides to research important figures. They inserted images, copied and pasted important information for each person.

In Physical Education, students learned about accomplished African American Olympians. Each week students chose an athlete from the "Olympic Wall" to discuss their achievements and contributions to their individual sport.

In Music, students learned the African American Anthem, jazz greats such as Ella Fitzgerald, Louis Armstrong, Dizzy Gillespie, African American Ballerina Misty Copland, African American Tap dancers, especially Bill "Bo jangles" Robinson, Nicholas Brothers (tap), Savion Glover (modern tap), and Opera great Kathleen Battle. Students also wore taps on their shoes and tap danced to jazz music.

In Art, students studied a new African American artist every class. In the grade levels, Kindergarten students learned about the quilt artist Sanford Biggers and created their own quilt. Second grade students studied Dr. Martin Luther King, Jr.'s "I Have a Dream..." speech to create kind-word quilts. Third Grade students read Amanda Gorman's poetry and created floral art inspired by her words.

In ESL, students watched a short video about a historical, African American figure each week during February. We had a class discussion about the person and how they had a part in changing the world.

Self-contained

Dean (LLD 2/3) - Using reading passages and videos, students explored famous African Americans of their choice. They will gather information and create a lap book.

Bruno/Messick (MD): Through books and videos they explored famous African American inventors. Students will also complete a home to school project, by recreating a model from one of the inventors.

Forbes (LLD (K/1) - Using fine motor skills, students helped to create an interactive bulletin board outside of the classroom, with a focus on 19 African American Leaders past and present. Each day during the month of February, students explored these figures' contributions to the world through videos and read-alouds. On the last day, students chose a figure that they most admired and created a visual-tactile to take home.

School Wide

As a school-wide activity, Winslow Township School #4 teachers created a display in the school lobby, so that students were greeted each day with the figure and bio of an important African American.

Winslow Alumni

Congratulations to Winslow's own Cody Coleman, Salutatorian of the WTHS class of 2009, who was the first to be recognized for his work in the field of artificial intelligence by CBS on its Black History Month series. After attaining his bachelors and masters at M.I.T and Ph.D. from Stanford, Cody started Coactive, a startup Silicon Valley company which is perfecting a program that will sift through millions of images in a second. Investors are pouring millions of dollars into this venture since it is the tool of the future. As a successful black entrepreneur, he represents his hometown of Winslow and the amazing talent which continues to evolve from WTHS. Ultimately, his story is also one of hope, a promise that hard work and a clear vision will lead to the light at the end of the tunnel for any student. Cody feels a deep gratitude for the teachers who fostered his evolution, especially Mrs. Chantel Smith and Coach Ingram, both of whom he considers his family and visits frequently. Cody is also one of the subjects of a book titled *Grit: The Power of Passion and Perseverance* by renowned pioneering psychologist Angela Duckworth. Please join us in congratulating and cheering on one of WTHS's shining stars. Congratulations to Charly Dutton, Senate President and a representative of the NAACP, who was chosen to represent the WTHS student body at the Reapportionment Commission Hearing. She presented her knowledge of the diversity and economic disparity in Winslow Township and requested that the commission take these matters into consideration as it re-draws the maps for this district. The entire session may be viewed via the link below, with Ms. Dutton speaking around the 1:06 mark. <https://www.njleg.state.nj.us/archived-media/2022/APPC-meeting-list/media-player?committee=APPC&agendaDate=2022-02-05-10:00:00&agendaType=M&av=V>

A Day at Winslow High School

In February, WTHS Rachel's Challenge sponsored The National Random Act of Kindness Week and planned various incentives to foster and incentivize humanitarian awareness and acts on campus. Raffle tickets were distributed when acts of kindness were witnessed and prizes including gift cards to Chick-Fil-A, Wawa, Target and Dunkin Donuts gift cards were given to winners. This year, WTHS spirit gear was added to the list of prizes. Great job students and faculty!

FBLA Shows Club Pride! Winslow Township High School's Future Business Leaders of America (FBLA) Club kicked off the beginning of February with a morale boosting, organization-wide Spirit Week! From February 13th to 19th, members participated in theme days such as Advisor Appreciation Day and Spirit Day. On Friday, February 18th, FBLA modeled pride as every member came to school in an official club polo shirt!

Corey Williams (Junior): Corey finished the season with a throw of 38'5".5, a 4ft plus personal best improvement.

Fastest Growing Sport

At WTHS, the lacrosse season begins on March 6th and ends on May 15th. Lacrosse is one of the fastest-growing sports around. Sometimes lacrosse is called the fastest game on two feet. In a nutshell, players have three main assignments that come with their positions: score goals (attack players), prevent the other team from scoring goals (defenders), and stop the ball from entering the net (goaltenders). In addition, one set of players — known as the midfielders — are regularly assigned the task of playing both offense and defense. Practices will be held daily after school and on Saturday mornings. Games are made up of four quarters, each twelve minutes long. Helmets and pads will be provided. Players are encouraged to get their own stick and gloves. Mouthpieces and cups are required. All interested students are requested to contact Coach Regn at regnda@winslow-schools.com
