XV. INFORMATIONAL ITEMS

- The tentative budget was approved at our last Board meeting and we are waiting for State approval. We have also scheduled a budget presentation for the 2024-25 school year which is scheduled for May 1, 2024 at the Administration Building. The Board can decide if they would like to meet at 6:30 p.m. or 7:00 p.m.
- We are experiencing some connectivity issues throughout the district, which is particularly at the elementary level. We are working with Comcast to address these issues. Our tech department has been working with them, and they have designated a representative to the district to help us resolve the situation.
- The damaged band door that was brought up at a prior Board meeting is the original door from 1958. The door was special ordered and had to be measured in order for it to fit. We are hopeful that it can be installed over Spring Break.
- Our Spring Break starts with an early dismissal tomorrow, and all schools will re-open on Friday, April 5th. A robocall will be made as a reminder to all parents on Wednesday or Thursday that all schools in the Winslow Township School District will be open at its regular scheduled time on April 5th.

XVI. OLD BUSINESS

- Ms. Pitts asked Dr. Poteat if there were any updates or information regarding focus groups that the Board members participated in. Dr. Poteat stated when he last spoke with Ms. Perlow, she already set up virtual meetings with certificated staff and will be providing us with a full report soon. Whatever her findings are, she will be making recommendations accordingly.
- Ms. Pitts reminded Board members that they are mandated to complete their Financial Disclosure Forms. The deadline is April 30th. The Board Self-evaluation must also be completed.
- Ms. Thomas updated the Board on the Teen Summit meeting. Minutes are attached.

- Tomorrow is Spring Break Eve. At the beginning of the month, the seniors began talking about the senior superlative. Seniors celebrated their 100th day mark and congratulated everyone. As of today, there are 28 days left in the school year, which includes weekends, so we are reaching the end.
- In mid-March, they had testing from the 12th through the 14th.

Teacher of the Year

Congratulations to Ms. Jena Clark, Winslow Township High School's beloved Teacher of the Year. Ms. Clark is a veteran Business Education teacher who also is the department's Chairperson. Her classes are academically diverse, and she greets all her students with a smile as they file in. In her very inclusive, nurturing, yet challenging classes, she is known first for her role as "mom" and then teacher and friend. Her students know that she will always be their lighthouse and seek her for help, encouragement and even as a sounding board when faced with life's challenges. The same applies for the staff, as the door to her class and generosity, remains open to all. As an educator, she draws upon the wealth of networking by drawing upon alumni to give back to the school community and invest in the younger generation. For the past several years, she has played a key role as a co-collaborator in the planning of the annual "Directors Cut." Through her established connections with former graduates, who have gone on to become successful entrepreneurs and marketing professionals, as well as connections within the community, she is able to make this an engaging round table experience for her current marketing business students. As mentor to WTHS's Student Government, she is at the forefront of all the planning which goes into Student Council leadership training, recruiting, voting, SGA sponsored school activities, Thanksgiving Food Drive, The Giving Tree Project and so much more. Ms. Clark also took on the role of head cheerleading coach in the Fall of 2022 and since then, under vigilant, firm and organized direction, the program has grown from six cheerleaders to over forty. Since she is such an epic person and contributor to our school community, we ask you to join the Winslow Township High School family in extending congratulations to her.

Open House Expo

WTHS will once again host an Open House Expo on Thursday, February 8th, at 6:00pm in the high school cafeteria. The goal is to provide future students and their parents the opportunity to explore all the extra-curricular and athletic programs offered at Winslow Twp. High School. As in the past, the cafeteria will feature tables with representation from students, teachers and coaches who will be available to give highlights and answer questions. This event follows the Electives Fair on January 25th when eighth graders visited the high school elective classes for firsthand experiences in what lies ahead for them. In small groups, the visitors toured the various elective classes such as Drone Technology, Marketing, Television Production...etc. and engaged with high school students at work.

TSA Leadership Conference

On November 21, 2023, Winslow Township High School STEM (Science Technology Engineering and Math) Club officers, Giovanni Vera (President) Dwaun Collier (Vice president), Rebekah Cox (Treasurer), Thomas Loveland (Sergeant at Arms), Stefan Peele (Reporter/Secretary), David Aasa (Historian), and Leah Cooper (Alternate), along with advisor Gregory Safko, attended the New Jersey TSA (Technology Student Association) Leadership Conference at TCNJ (The College of New Jersey). The conference enabled them to network with officers throughout the state and compete in an engineering challenge. Based on the premise of escaping from Alcatraz, the competitors had to create their own life raft and escape down a water-filled gutter. Whichever team's ship traveled the furthest in the shortest time would win a prize. Members were assigned roles and had to work together to complete all assigned tasks before the one-hour time limit ran out. Using their knowledge from graphic modeling, game design, robotics and even the analytical side of chess, students created a raft that carried the marbles (people). After the competition, students went to separate breakout meetings with their fellow officers from around the state and participated in team building activities, as well as learned how to help their respective chapters with the positions they hold. Although WTHS's elite team did not win the competition this year, students had a splendid day putting their engineering skills to use, sharing thoughts and ideas with their colleagues throughout the state, and enjoying the buffet breakfast and lunch that were served before and after the event.

Southern Region Summit

On January 10th, twenty-one FBLA members attended the Southern Region Summit which was hosted by Absegami High School and held at Stockton University. The summit began with students listening and engaging with a panel of experts in a discussion titled "How Technology & AI are Transforming Industries." The elite panel consisted of Joe Karlsen-Financial Advisor, Dean Kosko-Engineer, James Reina- Superintendent of Greater Egg Harbor Regional HS District and Somil Shah-Aerospace Engineer (FAA). Students then were given the choice to pick three smaller group -workshops from the following list:

- * Follow Your Passion: Starting your own business
- * Building relationships
- * I Care, You Care, We All Care for Self-Care
- * FBLA Financial Bosses Leading America
- * Upgrade Your Presentation Skills
- * JA Titan Workshop
- * FBLA Collegiate: Connections to Careers & Success

Members who attended will turn-key the valuable insight and lessons from their respective sessions at the next FBLA meeting in February. Furthermore, at the January meeting, students completed a time management activity called "What's on my Plate?" As such, they used paper plates to chart their daily activities and time given to each using a color-coding system. The huge take-away was that most of the members need to prioritize sleep. Also at the meeting, Emily Ensign-Sophomore, was awarded a prize for being first marking period's participation winner with 6.5 hours of community service.

Student of the Month

Congratulations to Winslow Township High School's Students of the month: Angela Caga (9th) and Terry Harris (12th). Students are chosen to be recognized each month by staff members and the criteria includes academic progress, contributions to the school community and good citizenship.

Staff Member of the Month

Congratulations to Mrs. Lysandra Bracey who has been chosen as January's Staff Member of the Month by her peers, and Mrs. Courtney Olson, who was recognized by administration for Best Teaching Practices. Both are coveted recognitions which are bestowed at monthly staff meetings by the administration.

Renaissance

Congratulations to the 75 Winslow Township High School students who earned Renaissance Gold, Silver and Green Cards for their efforts during the first marking period. To celebrate "Best of the Best!" these card holders were treated to a breakfast with a movie day on January 17, 2024. Interestingly, "All the good guys" watched a movie titled *The Bad Guys!!!* Also, students will receive discounts at school sponsored events, homework passes and more!! The Winslow Township High School Renaissance program is designed to recognize, reward and motivate students who excel in three specific areas of achievement: academics, attendance and behavior. In addition, students are expected to participate in school or community activities. The attainment of these levels of excellence is rewarded with singular privileges deemed at the end of every marking period. Renaissance is a partnership between the students, teachers, parents, administration, business community and the community at large and thus is a commitment to make Winslow Township High School a center of academic excellence.

NJASC Honor School Award

Congratulations to the WTHS SGA for being one of the seventeen schools to receive the 2024 Honor School Award from the New Jersey Association of School Councils (NJASC) on January 17th at the NJASC Winter Convention at TCNJ. Seven points of criteria were used to select the top schools, including having and following a proper constitution, sending delegates to the annual Leadership Training Conference in July and being involved in worthwhile projects to benefit the school and/or community. The keynote speaker, Joel Hilchey, initiated the event with a welcome speech which set the tone for the rest of the day. Hilchey is a success coach who specializes in leadership, creativity and success. After the hearty welcome, the awards were bestowed and then SGA officers had the opportunity to attend several workshops, including ones which allowed them to discover and hone their communication styles, confidence in public speaking and strategies to promote school spirit through positive student engagement. Also, during the school day, SGA officers proudly served as school representatives and escorts for the eighth-grade Electives Fair on Thursday, January 26th. In keeping with rising nationwide concerns, SGA bulletin boards will address "Mental Health Awareness" as its theme in February.

A Day at Winslow High School

Nurse's Corner

Nurse's Corner-MLK Spotlight-Henrietta Lacks - was an impoverished African American woman who died at the early age of thirty-one on October 4, 1951. During her treatment of cervical cancer, a doctor took a sample of her tumor and sent it over to a colleague of his who had been trying for two decades to grow human tissue from cultures with no success. Henrietta's cells were unique because they could live and replicate outside of the human body. Soon doctors realized that if the cells received the proper nutrients needed to survive, they could be shipped across countries, frozen for decades and thawed, etc., and they would continue to replicate. This unprecedented scientific discovery led to finding treatments for many diseases, including polio, cancer, leukemia, influenza, Parkinson's, AIDS, etc. They also aided in the discovery of how cells work, in-vitro fertilization, gene mapping and more. Chances are Henrietta's cells are somehow involved in the process of any research relating to the human body. Her cells were even sent into space on an unmanned satellite to determine whether humans can survive in zero gravity. Henrietta died of uremic poisoning in a segregated ward about 8 months after being diagnosed with cancer. It is noted that she never knew her cells were taken and used as the "most vital tools in modern medicine and would spawn a multi-billion-dollar industry." Her cells became the first human immortal cells ever grown in a lab. She is survived by a husband and three children, who did not know her cells were being used until 25 years later. So, in honor of Black History Month, we salute Henrietta Lacks, whose unique cells contributed to many breakthroughs in modern medicine.

Winslow Township School District Business Review

MARCH 2024

Colleen Lillich, General Manager

Our Service Commitment & Student Engagement

Participation at the high school lunch program had dropped significantly, with only about 30% of students partaking. After consulting with the students to gather their preferences, we decided to reintroduce the daily themed "bars" that were popular before the pandemic. This change led to an increase in participation to 45%. In addition to the staple menu items like pizza, cheeseburgers, chicken patty sandwiches, grab-and-go sandwiches, salads, and a rotating hot dish, we have expanded our offerings.

- ✦ On Mondays, students can enjoy either a pasta bar or a Chinese bar.

- ✦ Tuesdays are now known as Taco Tuesdays, offering a variety of choices such as bowls, nachos, and burritos with all the toppings.

- ✦ Wawa Wednesdays: We offer a made to order deli bar on Wednesdays where the students can pick from a variety of bread choices and assorted deli meats and cheeses topped with their choices of lettuce, tomato, peppers and pickles.

- ✦ Thursdays we offer made to order salad bar: students can pick up to five toppings such as cucumbers, tomatoes, cheese, hardboiled egg, chick peas, olives, croutons and a protein such as buffalo chicken, grilled chicken, crispy chicken and tuna fish.

- ✦ Fresh Panini Fridays: Students love freshly made paninis with their choice of flatbread or sourdough bread and options such as turkey and cheese, ham and cheese, pizza melt and buffalo chicken.

Financial Review: September - February

We are seeing significant growth in the performance of Winslow Township February YTD, year over year without implementing any price increases. Revenue has increased by \$156K due to improved participation in meal counts; breakfast 15% and lunch 11% and ala carte sales at 5%.

Managing operational expenses specific to raw material costs led to a reduction of 1.6% since last year. This is attributed to food order management and updated menus that resonate with the students. Labor overhead expenses were reduced by 7.3%. This is due to 3 open positions, which have been filled effective March 1st.

Our guaranteed fund balance of \$300,455.69 as of February, has already been exceeded.

Innovations for the Future

Fighting the global crises of climate change and hunger is part of our mission to improve the quality of life in the communities we serve all around the world. Sodexo is championing these efforts by reducing the amount of food that goes to waste on our watch, by implementing WasteWatch powered by Leanpath (WWxLP) as part of our daily operations at every food service location. Using WWxLP, Sodexo site teams can rapidly and easily capture food waste data, take action based upon intuitive analytics and drive behavioral change to help end avoidable food waste, whether food waste generated in the kitchen or consumer food waste. WWxLP has been proven, on average, to reduce food waste by 50% and to reduce purchases by 3%.

We're thrilled to announce the Future Chef Culinary Competition to your school and the district. The whole concept of this competition is to help educate the kids in healthy eating habits. Too often we hear about kids not making the right choices in terms of their eating habits. In this year's competition students will submit their Favorite Home or Family Recipe.

nutrislice

Nutrislice is a new menu software that has been implemented by Sodexo to replace the So Happy app. This software provides menus and nutritional information for school meals in a user-friendly way. One of the key features of Nutrislice is its support for over 50 languages, making it more accessible to a diverse range of users within the school community. Users can access the menus and nutritional information through the website or app, allowing them to make informed choices about their meals based on the provided information. This new tool aims to improve communication, transparency, and accessibility when it comes to school meal options and nutrition for students, parents, and staff in the Winslow Township School District
